EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Richard Sterner on February 08, 2005.

In the claims:

In claim 32, part (a), before the phrase "host cell" add the word "isolated"

In claim 37, part (a), before the phrase "host cell" add the word "isolated"

In claim 42, part (a), before the phrase "host cell" add the word "isolated"

In claim 44, part (a), before the phrase "host cell" add the word "isolated"

REASONS FOR ALLOWANCE

The rejection under 35 USC 112, first paragraph, regarding the new matter issue over the phrase "combinations thereof" has been withdrawn. Upon further consideration by the Examiner, it was decided that, though there is no literal support for this phrase, it is clear from the specification (page 6, lines 6-14) that the phrase "substitutions, small deletions, insertions or inversions" are exemplary, when read in view of the term "like" which precedes "substitution..." One of ordinary skill in the art would understand that the alterations disclosed in this "example" can be used in combination, as is routine in the art.
